CALL FOR PAPERS

The ICAAFTE 2017 : 19th International Conference on Aerodynamic Analysis, Flight Testing and Aerospace Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aerodynamic Analysis, Flight Testing and Aerospace Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

| | |
|---|---|
| Wind Tunnel Aerodynamics | Flight Management System |
| Aerodynamics of Wind Turbines | Flight Stability |
| Theoretical, computational, and experimental applied aerodynamics | Flight Test Engineering |
| Wind-tunnel and flight-testing aerodynamics | Flight Test Experience |
| Vehicle Aerodynamics | Flight Test Imagery |
| Aerodynamic Models | Flight Test Program |
| Aeroperformance Analysis | GPS |
| Technique | Helicopter Aerobatic Flight |
| Aircraft Flight Flutter Testing | Joint Tactical Information |
| Autoland Performance | Distribution System |
| Autoland Testing | Meteorological Parameters |
| Automatic Wing Camber Control | Mobile Research Flight Test |
| Flight Dynamics and Control Facility | Monitoring System for Research Aircraft |
| | National Space Test Range |
| | Pilot Workload Assessment |
| | Real-Time Aerodynamic Analysis System |
