CALL FOR PAPERS

The ICFAIS 2017 : 19th International Conference on Food Additives, Ingredients and Supplements is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Additives, Ingredients and Supplements. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Food, public health and food policy
Food supplements and food labels
Food quality and management
Nutrition and nutritional management
Current trends and research in nutrition and food science
Changes in food components during fermentation
Food biochemistry and food microbiology
Genetically modified foods
Antioxidants and lipid oxidation in foods
Bioactive constituents, micronutrients, food additives

and ingredients
Analytical methods for food components
Enzymatic reactions in foods
Functional foods and functionality
Food contamination and toxic components
Foodborne infections and diseases
Food safety and control
Food technology
Food processing and packaging technologies
Food and bioprocess technology
Agriculture biotechnology
Food nanotechnology
