## CALL FOR PAPERS

The ICSO 2017 : 19th International Conference on Surgical Oncology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Surgical Oncology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- |                               |                               |
|-------------------------------|-------------------------------|
| Allergo Oncology              | Lymphoma                      |
| Breast cancer                 | Mathematical Models in Cancer |
| Chemotherapeutic agents       | Melanoma                      |
| Chemotherapy and radiotherapy | Miscellaneous tumors          |
| Colorectal                    | Monoclonal antibody treatment |
| End of life care              | Myeloproliferative Diseases   |
| Endocrine tumors              | Nanoscience in oncology       |
| Gastrointestinal cancer       | Neurooncology                 |
| General oncologic issues      | Ocular oncology               |
| Genitourinary cancer          | Oncology and biochemistry     |
| Gynecologic oncology          | Oncology and biophysics       |
| Head and neck cancer          | Oncology: Diagnosis           |
| Hormone manipulation          | Oncology: Ethical Issues      |
| Immunohistochemistry          | Oncology: 1a4 Therapy         |
| Interventional oncology       | Pain relief                   |
| Leukemia                      | Palliative care               |
| Liver and Pancreas            | Pediatric oncology            |
| Lung cancer                   | Plasma cell disorders         |
