CALL FOR PAPERS

The ICMNE 2017 : 19th International Conference on Marine and Naval Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Marine and Naval Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High Performance Marine
Vessels Hydrodynamics
Structures
Propulsion
Design and production
technologies
Materials
Safety, Regulation and
Classification
Motion control
Shore facilities
Operations
Innovative platform designs
Submarines
Multi-hulls
SES
Fast ship
Naval architecture

Hydrodynamics
Naval Architecture and
Engineering of Marine Systems

Global support solutions
Contractor logistic support
Total care package
Vendor managed inventory

Propulsion systems
Integrated electric
propulsion
Prime movers
Fuel cells
Platform management systems
Automation

Auxiliaries
