## CALL FOR PAPERS

The ICAOSA 2017 : 19th International Conference on Aspect-Oriented Software Architectures is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Aspect-Oriented Software Architectures. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Aspect-oriented software engineering  
Aspect-oriented software development  
System development  
System maintenance and evolution  
Aspect-oriented requirement engineering  
Aspect oriented business process management  
Aspect-oriented system architecture  
Aspect-oriented modeling and design  
Aspect-oriented programming  
Formal method support for aspect-orientation

Aspect-oriented middleware  
Separation of concerns  
Object-oriented design patterns  
software evolution problems  
Composition anomalies  
Nature of aspect-orientation  
Join point model  
Pointcut designators  
Advice bodies  
Inter-type declarations  
Aspects and aspect weaving
