## CALL FOR PAPERS

The ICICSE 2021 : 23rd International Conference on Intelligent Control Systems Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Intelligent Control Systems Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial and Systems Engineering	Production Planning and Control
Decision Analysis and Methods	Project Management
E-Business and E-Commerce	Quality Control and Management
Engineering Economy and Cost Analysis	Reliability and Maintenance Engineering
Engineering Education and Training	Safety, Security and Risk Management
Facilities Planning and Management	Service Innovation and Management
Global Manufacturing and Management	Supply Chain Management
Human Factors	Systems Modeling and Simulation
Information Processing and Engineering	Technology and Knowledge Management
Intelligent Systems	
Manufacturing Systems	
Operations Research	Industrial Informatics
