CALL FOR PAPERS

The ICCAGDG 2027 : 29th International Conference on Computer Aided Geometric Design and Graphics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Aided Geometric Design and Graphics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics engineering
3D semiconductor device
technology
Computer animation,
information visualisation and
digital effects
Adaptive signal processing
Advanced electromagnetics
Computer network and
architecture
Software engineering
Mobile computing
Mobile robotics
Artificial intelligence
Component technology of mems
Computer aided geometric
design and graphics
Computer engineering

Algorithms
Automated software engineering

Computer aided design
Computer architecture
Computer modelling
Data encryption
