

CALL FOR PAPERS

ICDPUM 2014
Apr 14-15, 2014
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDPUM 2014 : 16th International Conference on Development Planning and Urban Management is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Development Planning and Urban Management. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Examples and visions of
Keeping balance: managing
Housing and real estate
Perspectives for future
Urban and environmental
Ambient Assisted Living
Healthy cities, health in
Safety and security vs.
Data, information and
Understanding cities:
Sustainable Urban
Creating the Future:
