

CALL FOR PAPERS

ICTALE 2014
Sep 26-27, 2014
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTALE 2014 : International Conference on Teaching, Assessment and Learning for Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Teaching, Assessment and Learning for Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Teaching, Assessment and Learning for Engineering
Academic Staff/Faculty Development
Accreditation and Quality Assurance
Assessment and Evaluation
Online/E-Learning and Blended Learning
Capstone Projects
Computer-Based Learning and Courseware Technologies
Continuing Education and Lifelong Learning
Curriculum Design
Distance, Open and Flexible Education
Educational Games and Simulations
Educational Policy, Leadership and Administration
Entrepreneurship Programs

Ethical and Social Justice Issues (e.g., Access, Equity)
Gender and Diversity
Generic Skills (e.g., Communications, Teamwork)
Industry Linkages and Partnerships
Instructional Design
Interdisciplinary Teaching Approaches
Introductory Engineering and Computing Courses
K-12 Initiatives and Partnerships
Laboratory Experiences (On-Campus and Remote)
Learning Analytics
Learning Management Systems
Marketing and Outreach for Engineering Programs
Mobile Learning
