

# CALL FOR PAPERS

**ICGI 2017**  
**Apr 27-28, 2017**  
**Kyoto, Japan**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICGI 2017 : 19th International Conference on Genome Informatics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Genome Informatics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genome Informatics  
NGS data analysis  
Cloud and workflow  
Cancer genomics  
Metagenomics

Machine learning  
Molecular biology  
Protein bioinformatics  
Open problems in
