

CALL FOR PAPERS

ICGI 2017
Apr 27-28, 2017
Kyoto, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICGI 2017 : 19th International Conference on Genome Informatics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Genome Informatics
NGS data analysis
Cloud and workflow
Cancer genomics
Metagenomics

Machine learning
Molecular biology
Protein bioinformatics
Open problems in
