

CALL FOR PAPERS

ICESE 2017
Apr 13-14, 2017
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICESE 2017 : International Conference on Environmental Science and Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Science and Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental Science and
Technology
Environmental dynamics
Meteorology
Hydrology
Geophysics
Atmospheric physics
Physical oceanography
Global environmental change and
ecosystems management
Climate and climatic changes
Global warming
Ozone layer depletion
Carbon capture and storage
Biofuels

Integrated ecosystems management
Satellite applications in the
environment
Environmental restoration and
ecological engineering
Habitat reconstruction
Biodiversity conservation
Deforestation
Wetlands
Landscape degradation and
restoration
Ground water remediation
Soil decontamination
Eco-technology
Bio-engineering
Environmental sustainability
