

CALL FOR PAPERS

ICTERM 2017
Jun 28-29, 2017
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTERM 2017 : International Conference on Tissue Engineering and Regenerative Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Tissue Engineering and Regenerative Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Tissue Engineering and Regenerative
Medicine
Tissue Regeneration
Materials and Designs for Tissue
Engineering
Whole Organ Engineering and
Approaches
Soft Tissues
Bioreactors in Tissue Engineerin
Scaffolds

Novel Approaches in Guided Tissue
Regeneration
Regeneration and Therapeutics
Clinical Medicine
Cord Blood and Regenerative
Medicine
Clinical Trials with Stem Cells
Applications of Tissue Engineering
and Regenerative Medicine
