

CALL FOR PAPERS

ICWCN 2017
Jun 07-08, 2017
San Francisco, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWCN 2017 : International Conference on Wireless Communications and Networks is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Wireless Communications and Networks. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Wireless Communications
OFDM, CDMA and Spread Spectrum
Modulation, Coding and Diversity
Signal Processing for Wireless
Communications
B3G/4G Systems, WiMAX, WLAN and
WPAN
Channel Model and Characterization
Multi-Hop and Cooperative
Communications

Network Technologies
Wireless & Mobile Networking
Wireless Sensor Networks
Cognitive Radio Networks
Ad Hoc, Sensor and Mesh Networking
Next-Generation Networking and
Internet
Wireless Network Security and
Privacy
