

CALL FOR PAPERS

ICPGG 2017
Jul 09-10, 2017
Prague, Czechia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPGG 2017 : 19th International Conference on Physical Geology and Geosciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Physical Geology and Geosciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geological structures,
Geology, earth materials
Ground water, glaciation
Oceans, atmosphere and
Explore earth materials
Fossils and evolution
Weathering and erosion
Minerals
Igneous rocks and
Weathering and soils
Ground water
Mass-wasting
Evolution of landscapes
Drainage diversion

Sedimentary rocks
Fossils and evolution
Geologic time
Glaciers and ice ages
Wind erosion
Tides
Wave erosion and marine
Metamorphism
Deformation
Earthquakes and earth's
Continental drift and
Orogeny
Resources from the earth
Geology of other worlds
