

CALL FOR PAPERS

ICBCSB 2017
Jul 13-14, 2017
Stockholm, Sweden

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBCSB 2017 : 19th International Conference on Bioinformatics and Computational Systems Biology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioinformatics and Computational Systems Biology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Bioinformatics,
Biological Morphology
Biomedical image
Biomedical Imaging and
Biomedical
Biomedical Signal
Biomedicine,
Bio-ontology and data
Biophysics and
Biosignal Processing and
Brain and Neural
Cardiovascular System
Clinical Engineering
Comparative Genomics
Complexity
Computational Biology and
Computational genetics &
Computational nanoscience
Computational Systems
Computer Networks in
Computer-aided drug
Design and synthesis of
Developmental Biology
Diagnosis
Drug Discovery

Dynamical Systems
Dynamics of complex
Education, Application,
Engineering of
Evolution and
Evolution of biological
Gene Expression Networks
Gene identification and
Genetics & Genetic
Hospital Management
Human Health
Immunoinformatics
Inference of gene
Inference of gene
Medical Robotics
Metabolomics in Health
Modeling and
Molecular and
Molecular Engineering
Molecular evolution and
Molecular modeling and
Molecular, Cellular, and
Neuroinformatics
Neuromuscular Systems and
Optimization and control
