

# CALL FOR PAPERS

**ICCE 2017**  
**Nov 09-10, 2017**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCE 2017 : 19th International Conference on Chemical Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemical, Environmental,  
Environmental engineering  
Process design and  
Product innovation,  
Process intensification  
Nanotechnology  
New materials &  
Intelligent polymers  
Green organic synthesis  
Process integration  
Environmental engineering  
Sustainable & clean  
SCF as solvent  
Chemistry and Chemical  
Chemical engineering  
Physical, Theoretical and  
Chemical engineering  
Chemical reaction  
Chemical engineering  
Thermodynamics  
Catalysis & reaction  
Particulate systems  
Rheology  
Multifase flows

Interfacial & colloidal  
Transport phenomena in  
Membranes and membrane  
Crystallization  
Distillation, absorption  
Ionic liquids/electrolyte  
Multi-scale and/or  
Process system,  
Product engineering and  
Product design &  
Nanomanufacturing  
Controlled release of the  
Energy & nuclear  
Energy and environment  
CFD & chemical  
Food engineering  
Nanomaterials  
Particle technology  
Mathematical modeling in  
Macromolecular Science  
Advanced materials  
Systematic Methods and  
Multiscale modeling
