

CALL FOR PAPERS

ICDIPV 2018
Jan 08-09, 2018
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDIPV 2018 : International Conference on Digital Image Processing and Vision is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Digital Image Processing and Vision. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Applied Digital Signal Processing
Coding and Transmission
Computer graphics and
visualization
Computer vision
Digital Signal Processing in
Communications
Emerging technologies
Emerging Technologies in Digital
Signal Processing

Image & signal processing
Applications
Image Acquisition and Display
Image and Video Processing &
Analysis
Image formation
Image scanning, display, and
printing
Machine learning, computer
graphics, biological vision
Storage and Retrieval
