

CALL FOR PAPERS

ICEES 2018
Feb 19-20, 2018
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICEES 2018 : 20th International Conference on Environmental and Ecological Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental and
Landscape and Ecological
Air pollution
Air quality and Coastal
Air/Water Quality and
Biological and Life
Biosystems and
Clean, Renewable and New
Computational and
Cultural heritage &
Earth and Environmental
Ecological Systems
Ecosystems analysis and
Ecotoxicology, Energy and
Environment and Human
Environment, Cities and
Environmental chemistry
Environmental economics
Environmental Engineering

Environmental friendly
Environmental integrated
Environmental legislation
Environmental Pollution
Geographic Information
Global climate change
Hazardous waste
Impact, risk and life
Modeling, simulation and
Natural resources
Pollution and monitoring
Renewable energy sources
Solid waste management
Sustainable development
Sustainable tourism
Tourism and environment
Water pollution, Water
Water supply and
