

CALL FOR PAPERS

ICBMB 2018
Apr 19-20, 2018
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBMB 2018 : 20th International Conference on Bioprocess and Microbial Biotechnology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Bioprocess and Microbial Biotechnology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Microbial biotechnology
New approaches to
Microbial biotechnology
Recent advances in
Microbial physiology,
Biocatalysts, synthetic
Biotechnological
New imaging techniques
New biotechnological
Metabolic Engineering,
Structure of microbes,
Microbial enzymes
Bacterial transformation
Electroporation

Cloning and expression
Fusion proteins
Microbial proteins
Food products
Energy production in
Therapeutic proteins
Field applications of
Using microbes against
Vaccines
Microbial genomes
Viral genomes
Microbial diagnostics
Combating bioterrorism
