

CALL FOR PAPERS

ICCGGM 2018
Apr 12-13, 2018
Venice, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICCGGM 2018 : 20th International Conference on Computer Graphics and Geometric Modeling is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Geometric Modeling
CAD/CAM
Solid Modeling
