

# CALL FOR PAPERS

**ICANCM 2018**  
**May 03-04, 2018**  
**Rome, Italy**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICANCM 2018 : 20th International Conference on Applications of Nonconventional Construction Materials is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nonconventional  
Sustainable and  
Nonconventional and  
Application of  
Non-conventional  
Nonconventional concrete  
Energy-saving  
Earth materials and

Unfired clay materials  
Nonconventional timber  
Ancient stone masonry  
Construction industry and  
Performance and  
Roofing solutions  
Different applications  
Future directions for
