

CALL FOR PAPERS

ICOOAE 2018 May 28-29, 2018, Tokyo, Japan

The ICOOAE 2018 : 20th International Conference on Resource Conservation and Restoration Ecology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Offshore Technology
Structures, Safety and
Reliability
Materials Technology
Pipeline and Riser Technology
Ocean Space Utilization
Ocean Engineering

Polar and Arctic Science and
Technology
CFD and VIV
Ocean Renewable Energy
Offshore Geotechnics
Petroleum Technology

Background: International Research Conference Series is an event that brings together significant number of recurring events; academic conferences, symposia, workshops, special sessions, and plenary talks in all research fields since inception in 1999. Each event may run over any span of time within the conference days. Presentations scheduled in the Oral and ePoster sessions are drawn from a selection of the peer reviewed papers from a wide range of scientific and other disciplines of inquiry.
