

CALL FOR PAPERS

ICOOAE 2018
May 28-29, 2018
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICOOAE 2018 : 20th International Conference on Ocean, Offshore and Arctic Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Offshore Technology
Structures, Safety and
Materials Technology
Pipeline and Riser
Ocean Space Utilization
Ocean Engineering

Polar and Arctic Science
CFD and VIV
Ocean Renewable Energy
Offshore Geotechnics
Petroleum Technology
