

CALL FOR PAPERS

ICNF 2018
Jun 28-29, 2018
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICNF 2018 : 20th International Conference on Nitrogen Fixation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Nitrogen Fixation
Chemistry, Biochemistry
Nitrogen Fixation and
Nitrogen cycles
Bioresources and
Plant-Microbe Signaling
Legume-Rhizobium
Non-Legume Associations
Plant Nutrition
Ecology and Applications
Evolution and
Signal exchange in
Regulation of nitrogen
Genetic regulatory
Genomics of the symbiotic
Cell biology of infection
Nitrogen-fixing

Physiology and genetics
Marine nitrogen fixation
Structure, function and
Genomics of nitrogen
Genome-enabled science:
Molecular genetic aspects
Fungal genomics
Signal transduction
Cell biology and
Genomics and diversity of
Genetics, biochemistry
Rhizosphere ecology
Interaction with
Cyanobacteria and
Applications of Nitrogen
Biological Nitrogen
