

CALL FOR PAPERS

ICBSTE 2019
Mar 05-06, 2019
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICBSTE 2019 : International Conference on Biomaterials Science and Tissue Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Biomaterials Science and Tissue Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomaterials
Biomaterialization
Self-assembly
Structural hierarchy
Biohybrid artificial organs
Blood-Material Interactions
Tissue Engineering
Regenerative medicine
Biopolymers
Biomaterialization
Joint replacements
Bone plates
Bone cement

Artificial ligaments and tendons
Dental implants for tooth fixation
Blood vessel prostheses
Heart valves
Skin repair devices (artificial tissue)
Cochlear replacements
Contact lenses
Breast implants
Drug delivery mechanisms
Sustainable materials
Vascular grafts
Stents
Nerve conduits
