

CALL FOR PAPERS

ICCEES 2019
Apr 16-17, 2019
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEES 2019 : 21th International Conference on Chemical, Ecology and Environmental Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical, Ecology and Environmental Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Earthquake engineering	Process miniaturization
Fluid dynamics	Paper engineering
Food engineering	Safety engineering
Fuel cell	Semiconductor device
Heat transfer	Separation processes (see
Industrial gas	Crystallization
Industrial catalysts	Distillation processes
Mass transfer	Membrane processes
Materials science	Textile engineering
Metallurgy	Thermodynamics
Microfluidics	Transport phenomena
Mineral processing	Unit operations
Nanotechnology	Water technology
Natural environment	Agricultural
Natural gas processing	Agricultural
Nuclear reprocessing	Animal biotechnology
Oil exploration	Application of artificial
Oil refinery	Beverage and Fermentation
Pharmaceutical	Biocatalysis,
Plastics engineering	Biomedical Computational
Polymers	Bio-MEMS and
Process control	Biomimetic and
Process design	Biosensors and molecular
Process development	Breeding and genetics
Process Systems	Cell and tissue
