

CALL FOR PAPERS

ICCEES 2019
Apr 16-17, 2019
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEES 2019 : 21th International Conference on Chemical, Ecology and Environmental Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Chemical, Ecology and Environmental Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Earthquake engineering
Fluid dynamics
Food engineering
Fuel cell
Heat transfer
Industrial gas
Industrial catalysts
Mass transfer
Materials science
Metallurgy
Microfluidics
Mineral processing
Nanotechnology
Natural environment
Natural gas processing
Nuclear reprocessing
Oil exploration
Oil refinery
Pharmaceutical
Plastics engineering
Polymers
Process control
Process design
Process development
Process Systems

Process miniaturization
Paper engineering
Safety engineering
Semiconductor device
Separation processes (see
Crystallization
Distillation processes
Membrane processes
Textile engineering
Thermodynamics
Transport phenomena
Unit operations
Water technology
Agricultural
Agricultural
Animal biotechnology
Application of artificial
Beverage and Fermentation
Biocatalysis,
Biomedical Computational
Bio-MEMS and
Biomimetic and
Biosensors and molecular
Breeding and genetics
