

CALL FOR PAPERS

ICWMPRI 2019
Apr 16-17, 2019
Lisbon, Portugal

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICWMPRI 2019 : 21th International Conference on Waste Management, Recycling Practices and Incineration is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Waste Management, Recycling Practices and Incineration. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Environmental
Solid waste management
Waste handling practices
Financial models
Disposal solutions
Incineration
Recycling
Resource recovery
Waste hierarchy
Wastewater treatment
Life-cycle of a product
Resource efficiency
Polluter pays principle
Adverse effects of waste
Waste management and
Systems for waste
Environmental impact
Water supply and

Air pollution management
Environmental protection
Protecting the
Improving environmental
Technologies and
Prevent, control and
Waste treatment
Site remediation
Pollution control
Environmental laws
Stack scrubbers
Wastewater management
Industrial wastewater
Environmental
Air, soil and water
Energy economy
Developing systems
Electric power
