

CALL FOR PAPERS

ICCEBI 2019
Oct 24-25, 2019
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCEBI 2019 : International Conference on Cellular Engineering and Biological Imaging is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cellular Engineering and Biological Imaging. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical device engineering
Biomedical robotics
Computational biological systems
Biosensors and bioelectronics
Rehabilitation engineering Surgical devices
Nanotechnology in implantable medical devices
Nanomedicine
Nanotechnology for surgeons
Bioengineering
Nanobiotechnology
Biomedical imaging and biosignal
Biomedical and healthcare engineering
Biomedical technology

Biomechanics
Biomaterials and artificial organs
Biomolecular engineering
Biological imaging
Cellular engineering
Robotics and physiology
Biomedical signal processing and control
Bioinformatics and genomics
Biomedical optics and lasers
Molecular and cellular principles
Physiological principles
Biomedical engineering and cancer
Biochemical reactions and enzyme kinetics
