

CALL FOR PAPERS

ICDSEES 2019
Nov 18-19, 2019
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICDSEES 2019 : International Conference on Deep-Sea Ecology and Ecological Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Deep-Sea Ecology and Ecological Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Deep-sea ecology
Deep-sea ecosystems
Deep-sea ecosystem functioning
Deep-sea investigations
Deep-sea habitat paradigms
Deep-sea energetics

The role of the deep sea in global
carbon cycling
Deep-sea faunas
Deep-sea connectivity
Deep-sea fish ecology
Ecological restoration in the deep
sea
