

# CALL FOR PAPERS

**ICLALA 2019**  
**Nov 18-19, 2019**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICLALA 2019 : International Conference on Landscape Architecture and Landscape Assessment is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Landscape Architecture and Landscape Assessment. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- |  |                                    |
|--|------------------------------------|
| Architectural engineering                      | Urban design                       |
| Environmental design                           | Landscape design                   |
| Architectural design                           | Site planning                      |
| Landscape architecture                         | Stormwater management              |
| Landscape planning                             | Environmental restoration          |
| Landscape products                             | Parks and recreation planning      |
| Landscape urbanism                             | Visual resource management         |
| Landscape assessment                           | Green infrastructure planning      |
| Urban landscape architecture                   | Fields of activity                 |
| Landscape architecture and energy conservation | History of landscape architecture  |
| Energy efficient landscape design              | Examples of landscape architecture |
| Landscape architecture project services        | Sustainable development            |
| Relation to urban planning                     | Environmental assessment           |
