

CALL FOR PAPERS

ICCAET 2019
Dec 04-05, 2019
Tokyo, Japan

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAET 2019 : International Conference on Computer Aided Engineering and Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer Aided Engineering and Technology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Software tools
Standards and specifications
Optimisation technology
Algorithms development
Simulation technology

Product lifecycle management
Advanced manufacturing technology
CAD/CAPP/CAM/PLM/ERP/DNC/CAQ
Data mining
Supply chain
