

CALL FOR PAPERS

ICTTT 2020
Mar 05-06, 2020
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICTTT 2020 : International Conference on Tectonostratigraphy and Thrust Tectonics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Tectonostratigraphy and Thrust Tectonics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Tectonostratigraphy
Chronostratigraphy and
tectonostratigraphy
Tectonically formed stratigraphy
Effects of active tectonics on
lithostratigraphy
Sequence stratigraphy,
tectonostratigraphy and basin
analysis
Rock sequences
Thrust tectonics
Stacking of thrust sheets, or
nappes

Effects of tectonics on
lithostratigraphy
Autochthon
Parautochthon
Lower allochthon
Middle allochthon
Upper allochthon
Uppermost allochthon
