

# CALL FOR PAPERS

**ICPPNM 2020**  
**Apr 09-10, 2020**  
**Athens, Greece**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICPPNM 2020 : International Conference on Pharmacology, Placebo and Nocebo Mechanisms is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Pharmacology, Placebo and Nocebo Mechanisms. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Pharmacology	Brain and body
Pharmacy	Placebo-controlled studies
Medicine and biology	Nocebo
Drug action	Placebo ingredients
Nocebo effect	Medical ethics
Patient's expectations and perceptions	Pharmaceutical drug
Measurable physiological changes	Drug classes or groups
Side effects of drugs	Chemical structures
Adverse expectations	Stimulants and sedatives
Placebo effect	Agonists and antagonists
Placebo response	The specificity of drugs
Mechanism of the effect	Potency
Placebo effect and the brain	Affinity
