

CALL FOR PAPERS

ICAEEME 2020
Apr 23-24, 2020
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICAEEME 2020 : International Conference on Advances in Electronics, Electrical and Mechanical Engineering is

the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advances in Electronics, Electrical and Mechanical Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electrical and electronics
Instrumentation
Electric power generation
Electronic materials
Electromagnetic transients
programs
Digital signal processing
Microprocessor based technologies
Digital communication
Digital security
Magnetic theory
Micro machines
Economic aspects of power quality
and cost of supply
Sensibility of loads and other
electrical equipment to power
quality characteristics

Influences of disturbing loads on
supply networks and other
electrical devices
Electrical and exploitative
characteristics of loads and
electrical power converters
Reliability and continuity of
supply.
Power quality in grids with
distributed generation and
renewable energies
Harmonics
Energy efficiency in industry
Education and power quality
Electrical materials and process
Semiconductor technology
High voltage engineering and
insulation technology
Electronic materials
Education and training for
electrical engineers
Power system planning and
scheduling
