

CALL FOR PAPERS

ICCAPFP 2021
Feb 14-15, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCAPFP 2021 : International Conference on Computer-Assisted Proof and Functional Programming is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Computer-Assisted Proof and Functional Programming. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Computer-assisted proof
Proof technology
The digitization of
Satisfiability solvers
Rewriting engines
Computer algebra systems
Automated theorem

Interactive proof
Four color theorem
Artificial intelligence
Heuristic search
Methods
Philosophical objections
