

CALL FOR PAPERS

ICDH 2021
Nov 27-28, 2021
London, United Kingdom

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICDH 2021 : 23th International Conference on Digital Heritage is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Digitization
Photogrammetry and
3D scanning and
Remote sensing and aerial
GNSS (GPS, GLONASS,
Advanced document
Low-cost and gaming 3D
Ultra-high resolution and
Terahertz, Infrared, UV
Advanced sensors
Analysis and
Historic Document
Remote Sensing Analysis
Finite element,
3D modeling (CAD-based
Building Information
Virtual Reconstruction
Realism and
3D, multimedia and GIS
Digital Curation
Virtual GIS and Mapping

Emerging technologies
Preservation
Metadata Handling and
Requirements and
Trusted digital
Institutional
Semantic Web in CH
Long term storage and
Data formats and
Visualization and
Immersive and
Real + virtual worlds
Virtualization of other
Haptic and Multimodal
Distributed VR
Local/remote rendering
Innovative interaction
Storytelling and design
Usability, effectiveness
Visual simulation of
Emerging visualization
