

CALL FOR PAPERS

ICCSCN 2023
Sep 17-18, 2023
Rome, Italy

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICCSCN 2023 : 25th International Conference on Communication Systems and Computer Networks is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Communications and
Optical Networking
Pervasive Computing &
QoS Control & Traffic
Cross-Layer Design and
Signal Processing for
Network Security
Cognitive Radio Networks
Communication and
Internet Services and
Multimedia Networking
Networking Algorithms and
Future Internet
Wireless Sensor Networks:
3G and 4G Beyond
Wireless Platform:
Protocols and Algorithms
Networks Security
Trusted Computing
Intrusion Detection and
Biometric Security and
Cryptography and security
Authentication and
Bayesian Networks, Fuzzy

Mobile System Security
Ubiquitous Computing
Sensor and Mobile Ad Hoc
Security in Wireless
Security of GSM/GPRS/UMTS
Security for Grid
Security for Web
Security for Personal
Peer-to-Peer Security
Risk Assessment
Forecasting Terrorism
Denial of Service and
Management of Computing
Intelligent Multimedia
Knowledge Discovery and
E-commerce protocols
E-Health
Wireless and Mobile
UWB and Impulse Radio
Channel Modeling and
Modulation/Coding/Signal
B3G Systems, WiMAX and
Advances in Wireless
RFID Technologies
