

# CALL FOR PAPERS

**ICAACAG 2024**  
**Jan 08-09, 2024**  
**Singapore, SG**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICAACAG 2024 : 26th International Conference on Advanced Algebras and Combinatorial Algebraic Geometry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Algebraic Geometry  
Algebras and  
Asymptotic Codimension  
Coding Theory  
Commutative Algebras  
Cryptography  
Arithmetic Geometry  
Hopf Algebras

Symplectic Varieties and  
Lie Algebras  
Number Theory  
Partial Actions of Groups  
Quantum Physics  
Quantum Theory  
Statistics  
Structure Theory of both
