

CALL FOR PAPERS

ICNBCR 2017
Jan 13-14, 2017
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICNBCR 2017 : 19th International Conference on Network Biology and Cell Regulation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Chemistry and Biology
Morphogenesis
Network Structure and
Synthetic Biology
Systems Bioinformatics
Systems Biomedicine
Biological morphology
Network biology
Understanding and curing
Cell regulation
From cell to organ to
New approaches to
Genetic variation and

Cell
Cell regulation -
Cell-to-cell variation
Diagnostic markers for
Drug discovery
Plant systems
Microbial systems
Synthetic biology
Modelling approaches
Software tools
Standards and
Data generation and
