

CALL FOR PAPERS

ICIPE 2017
Feb 07-08, 2017
Mumbai, India

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICIPE 2017 : 19th International Conference on Inverse Problems in Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Inverse Problems in: Heat
Statistical and
Identification in
Regularization
Design and Shape

Inverse Scattering and
Determination of Boundary
Computational Methods
Identifiability Concepts
