

# CALL FOR PAPERS

**ICECS 2017**  
**Sep 21-22, 2017**  
**London, United Kingdom**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICECS 2017 : 19th International Conference on Electrotechnics and Computer Systems is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics and  
Computer science  
Circuits, devices and  
Materials for  
Power electronics and  
Electric vehicle  
Nanoelectromechanical  
Measuring technology and  
Photonics and  
Computers, software and

Control and robotics  
Power electronics and  
Communications and  
Signal and multimedia  
Biomedical and health  
Smart grids and renewable  
Computation intelligence  
Biomedical electronics  
Distributed generation,
