

CALL FOR PAPERS

ICMNE 2017
Sep 21-22, 2017
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICMNE 2017 : 19th International Conference on Marine and Naval Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

High Performance Marine
Structures
Propulsion
Design and production
Materials
Safety, Regulation and
Motion control
Shore facilities
Operations
Innovative platform
Submarines
Multi-hulls
SES
Fast ship
Naval architecture
Hydrodynamics
Naval Architecture and
Global support solutions
Contractor logistic
Total care package
Vendor managed inventory
Propulsion systems

Integrated electric
Prime movers
Fuel cells
Platform management
Automation
Auxiliaries
Environmental
Electrification
Heat management
Energy storage
SMART acquisition
Naval standards
Classification
Maritime platform
Owners' requirements
Modelling and simulation
Equipment
Systems
Training
Human factors
Complement reduction
Synthetic trainer
