

CALL FOR PAPERS

ICHTSA 2017
Oct 23-24, 2017
Bali, Indonesia

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICHTSA 2017 : 19th International Conference on Hydropower Technologies, Systems and Applications is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Hydropower Technologies, Systems and Applications. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Hydropower technologies
Low-head hydropower
Materials and
Hydropower systems
Hydropower plants
Run-of-the-river power

Storage power plants
Pumped storage power
Power plants for
Francis, hydrodynamic,
Power categories
