

CALL FOR PAPERS

ICCSEIT 2017
Oct 05-06, 2017
New York, USA

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICCSEIT 2017 : 19th International Conference on Computer Supported Education and Information Technology is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Information Technologies
Authoring Tools and
AV-Communication and
Classroom Management
