

CALL FOR PAPERS

ICMMD 2017
Nov 02-03, 2017
Barcelona, Spain

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICMMD 2017 : 19th International Conference on Magnetic Monopole and Developments is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Historical background
Poles and magnetism in
Maxwell's equations
Dirac's quantization
Topological
Dirac string
String theory

Mathematical formulation
Grand unified theories
Searches for magnetic
"Monopoles" in
Further descriptions in
Gauss's law for magnetism
