

CALL FOR PAPERS

ICFE 2018
Sep 10-11, 2018
Singapore, SG

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICFE 2018 : 20th International Conference on Food Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Food Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Agricultural	Gene expression
Animal biotechnology	Gene regulation
Application of artificial	Heat, mass transfer and
Artificial organs and	Industrial Biotechnology
Biocatalysis,	Marine Biotechnology
Bioinformatics	Mathematical modeling and
Biological and biomedical	Medical and biological
Biomedical Computational	Medical Biotechnology
Bio-MEMS and	Microbiology
Biomimetic and	Microorganism technology
Bioremediation of	Nano Biotechnology
Biosensors and molecular	Nanoparticle
Cell and tissue	Nanoparticles,
Control and system	Non-thermal food
Drug screening and	Pharmaceutical
Electronics and	Plant biotechnology
Environmental	Plant design using
Enzyme Engineering	Protein and gene delivery
Food Biotechnology	RNA and DNA structure and
Food microstructure	Separation and
Food properties including	Thermal processing
