

CALL FOR PAPERS

ICM 2018
Dec 03-04, 2018
Amsterdam, The Netherlands

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICM 2018 : 20th International Conference on Microbiome is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Antimicrobial Agents and
Applied and Environmental
Clinical and Public
Complex Microbiome
Ecological and
Genetic Diversity and
Host-Microbe Biology
Human Microbiome
Human Microbiome Studies
Inflammation and Cancer
Inflammation and
Inflammation-Driven
Metagenomic Analysis

Microbiome and Cancer
Microbiome and Disease
Microbiome in Health and
Molecular Biology and
Molecular Discovery of
Monitoring Microbiome to
Prevention and Therapy
Prevention and Therapy
Profession of
Stromal Cells and the
Systems Microbiology
The Integrative Human
Tumor-Elicited
