

CALL FOR PAPERS

ICEBB 2019
Jan 14-15, 2019
Zurich, Switzerland

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICEBB 2019 : 21th International Conference on Environmental Biotechnology and Bioremediation is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Environmental Biotechnology and Bioremediation. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biological treatment of
Biomonitoring and
Bioreactor technologies
Bioremediation and
Bioremediation of sites
Bioremediation of sites
Biostimulation and/or
Biotechnology and
Biotechnology and the
Biotechnology for
Blue growth opportunities
Detoxification of
Environmental

Environmental
Environmental
Ex-situ bioremediation of
Innovative approaches and
In-situ bioremediation of
Mathematical modelling of
Microbial genetic
Microbiology and
Nanobiotechnology
Novel bio-catalysts for
Phytoremediation and
Phytoremediation
Wastewater valorization,
